Dublin Business School
excellence through learning

Welcome...

Dear Student,

Welcome to our Accounting Technicians Ireland brochure for classes commencing September 2010. With over 35 years experience in Professional Education, DBS is perfectly positioned to build your professional Accounting Technicians Ireland future.

Our carefully selected, exam focused lecturers encompass the DBS culture and philosophy of 'excellence through learning'. Each of the team is passionate and focused on guiding you towards exam success. The Accounting Technicians Ireland course is a combination of study and practical experience, designed to build your knowledge in Accountancy, IT and Management. The course consists of two years of study. On completion of this qualification and two years documented work experience which can be completed prior during or after your studies (submitted through Accounting Technicians Ireland), students can use the designation MIATI after their name. Accounting Technicians Ireland is tailored to provide you with the background knowledge and skills to qualify and work as an Accounting Technician. Graduates of this programme will have shown that they are able to offer competent accounting support to business managers in all aspects of the financial sector.

At DBS our committed team of experienced and highly qualified lecturers will prepare you to sit the Accounting Technicians Ireland examinations and provide you with a concise background of accountancy procedures such as, generating and analysing ledger balances, cash flow preparation, payroll, completing and submitting tax returns, assisting in drafting financial reports, assisting in the preparation and analysis of budgets, in addition to gaining a thorough understanding of the current accounting standards. Successful completion of the examinations provides you with a stepping stone to the next level of professional accountancy qualification.

To find out more about Accounting Technicians Ireland studies at DBS you are invited to attend our next **Information and Registration Evening on Wednesday 8th September at 6.30pm**. Our experienced lecturing team, administration team and Accounting Technicians Ireland representative Jane Murphy will be available to answer your questions.

We look forward to meeting you.

Louise Devlin

Head of Professional School

Essential Reasons to Choose DBS for Your Accounting Technicians Ireland Studies

- The quality and experience of our select Accounting Technicians Ireland lecturing team
- The course structure and design aimed towards maximising your opportunity to pass the exams first time
- The unique DBS student centred style of learning which students will experience on our Accounting Technicians Ireland programme
- The personal student support which you will receive during your Accounting Technicians Ireland studies
- The state of the art learning environment available to you on a 7 day a week basis
- The 35 years of DBS success which has seen thousands of students passing professional examinations, and over 755 students achieving prizes and placings at National and Worldwide levels
- The recognition and reputation which has made DBS Ireland's largest independent college with a student population of over 9,000
- The easily accessible DBS city centre campus locations where you will study.
