Accommodation Options:

Student Residence

Dublin has a number of high quality residences purposely built for students. Each room is en-suite (some twins are available), with plenty of storage space and room for study. The shared kitchens and living space are ready to move into, and the residences have excellent gyms, study and communal spaces.

Prices usually start at €265 per week and include utilities and WIFI.

Short Term:

DBS have a limited number of short term rooms available with our accomodation partners, Fresh, Brickworks. These suit students if you are going to complete your accomodation search once you arrive in Dublin. The price is €295/week, towels and bedding inclusive. These are available from 1 to a maximum of 4 weeks, subject to availability. The term cannot be extended on these rooms.

Homestay is based on availability and prices start at 215 per week for a single room, half board. You also need to factor in approx €25 per week to commute to college, host families are located in the suburbs of Dublin with good public transport links to the City Centre.

Renting Guidelines

Regardless of what type of accomodation you choose - whether it be a house, apartment or home share - the following guidelines will help ensure you don't fall prey to dodgy landlords and help you secure a safe home.

1. Location, Location!

It would be ideal to land your dream accomodation in central Dublin. However, Dublin's leafy suburbs are wonderful, vibrant places; well-serviced by public transport to the City Centre via Dublin Bus, Dart and Luas. Review maps of Dublin and cross reference them with Dublin Transport link maps to identify 'Plan B' areas for your search.

2. Decide on a budget

Before starting your search; set your budget for how much you are willing to spend on accomodation each month. Students living closer to the College (Dublin 2) will pay more in rent for the convenience. However, Dublin suburbs are well-connected via public transport with most areas within 30 minutes of the City Centre. Generally speaking; the further out you go - the more you get for your money!

3. View before paying

When renting from a private landlord never pay any money up front before visiting the property in person. Book a viewing and inspect the property with a careful eye. Bring a friend if you feel more comfortable. Scan the area - is it safe? Are there shops nearby? Is it well-serviced by transport?

4. Check that everything is working

Prospective tenants should test that doors and windows open and close/lock securely. Check for adequate lighting, ventilation and heating in all rooms of the house, and turn on appliances to check that they work properly e.g. cookers, shower etc.

5. Sign a rental agreement

It is highly recommended that you receive a written lease and a rent book to record your rental payments. Always read and understand the Rental Agreement after signing; if in doubt about any of the clauses in the contract seek advice before signing.

6. Get receipt for any payments made

Use online banking for all transactions whenever possible. This includes deposit and advanced rent payments.

7. Make a list of furniture and appliances with the landlord

Damage or loss of property is a regular reason for losing a deposit. Take an inventory of everything in the accommodation and its condition before you move in to avoid any disputes with the landlord when moving out. If necessary, take photographs (with the date stamp on) of the property and ask the landlord to counter-sign them.

8. Know when the deposit and rent are due

Generally, rents in Dublin are paid monthly and in advance - not in arrears. Most landlords will also require a security deposit (usually the equivalent of one month's rent) to be paid before you move in. This deposit should be returned to you when you leave the property.

9. Know your tenant rights and responsibilities

Both tenants and landlords have legal rights and responsibilities. These legal rights come from general landlord/tenant law as well as from any written or verbal tenancy agreement between both. For further information please visit: http://www.threshold.ie/ Please read this guide to securely searching online databases http://www.daft.ie/safety-online

10. Getting to and from DBS

Journey time will depend on your accommodation's location. On average, it takes about 40-60 minutes by bus, tram or train from the suburbs to the city centre. Brickworks Student Accommodation is a 20 minute walk to the DBS campus. Please familiarise yourself with your route to DBS.
