Why Choose DBS?

Wide Course Offering

DBS is Ireland's largest independent third level college, with over 9,000 students and an ability to deliver over 100 accredited courses in the areas of Business, Arts, Law, Psychology and Computing. In addition to the wide range of Honours Bachelor Degree (Level 8) courses available, there are opportunities to progress from Higher Certificate (Level 6) to Ordinary Bachelor Degree (Level 7) and from Ordinary Bachelor Degree to Honours Bachelor Degree.

QAI AWARD

Accreditation

All DBS courses through the CAO are awarded by Quality and Qualifications Ireland (QQI) which fits into the National Framework of Qualification (NFQ) which was designed to create a single, easily understood qualifications system for all levels of education and training in Ireland.

"The lectures are great, given by people who are actively working in the sector and the facilities are of professional studio standard, which is what you would expect when hoping to work in this industry and build a career."

Michael Conefrey,
Certificate in Sound
Engineering and
Music Production

Recognition by Professional Bodies

DBS has professional accreditation and recognition attached to programmes from global bodies such as the Association of Chartered Certified Accountants (ACCA), the Chartered Institute of Management Accounting (CIMA) and from national organisations such as the Psychological Society of Ireland (PSI), the Law Society and the Honorable Society of Kings' Inns for Solicitor and Barrister training. DBS was the first private college to be awarded PSI recognition on its Psychology degree and now also offers a conversion-style Postgraduate Higher Diploma in Psychology which is also PSI accredited.

"After our lectures have finished for the day, some of us will go down to the library and work on our assignments or study what we have been covering in lectures that week. There is a lot of reading involved in my course but when it's such interesting subject matter I don't mind a bit."

Emma Flanagan,
BA (Hons) in Psychology

"As a final year student, the Careers Department becomes paramount in your search for a career. The DBS careers department offers excellent support resources both online and face to face to help guide you through the graduate employment arena."

Brian Hannon,
BA (Hons) Business

Additional Information

Entry Requirements and Next Steps

CAO Applicants

Leaving Certificate, FETAC, A-Level and all students completing school leaving exams are generally required to apply through the CAO where a CAO code is provided. Where a CAO code is not provided students may apply directly to the college.

Mature Applicants

Students who are applying to programmes as mature applicants will be required to be over the age of 23 as on 1st January in the year of entry. Mature students may apply through the CAO or directly to the college. They are not required to do both. Mature students are assessed on basis of age, educational standard and work experience to date.

Transfer Applicants

We welcome applications from transfer students and process a large number every year. Transfer applicants are required to submit a completed application form along with a complete set of academic transcripts in order to have the transfer request processed. Generally speaking, a Higher Certificate graduate is eligible to apply for a place on final year of an ordinary degree or second year of an honours degree in a cognate discipline – these guidelines also apply to FETAC Level 6 and HND graduates. Ordinary degree graduates are eligible to apply for final year entry to an honours degree in a cognate discipline. If you have started or completed a third level qualification already (Level 6 or above) you may be eligible for advanced entry and you can contact the Admissions Office for more information.

Students with Disabilities

DBS welcomes applicants with disabilities, and is keen to ensure that all students experience equality of opportunity in reaching their educational potential. Any applicant with special needs should contact the College well in advance of course commencement to assess if their needs can be addressed. At examination time, candidates, with special educational requirements, should apply to the Exams Office for provision of facilities which best enable them to demonstrate their knowledge of the subject being examined. Students with disabilities who have applied through the CAO should ensure that they have submitted the relevant supplementary information form in addition to the application. Direct applicants will also be required to complete a similar form if they disclose a disability on their application forms.

"I was selected for a graduate programme in one of the Big Four audit firms in Ireland. DBS laid a strong foundation which helped me then complete my professional accountancy qualification."
