## Full-Time courses 2020/21 Tuition Fees for International (Non EU) Students

This leaflet gives details of tuition fees for full-time courses at Dublin Business School (DBS) for International (Non-EU) students (i.e. students who are nationals of countries outside the European Union or European Economic Area.)

### Payment of Fees

Tuition fees are payable in Euro. The tuition fee must be paid as per the terms of the letter of offer. Students must pay the first year full tuition fee prior to course commencement (this is required in order for the student to be granted a visa or an extension of permission to reside in Ireland). Dublin Business School must receive the full amount as shown on the invoices for fees, rents and all other expenses. Any bank charges must therefore be paid by the person making the payment – the Remitter.

The tuition fee may be paid using the following methods:

### Payment Methods Available to International Students Resident Overseas

The most effective method of payment is through our **International Student Payment System, PaytoStudy**. PaytoStudy is a free service – no bank charges will be added to your transfers. By using this system you are able to pay in your home currency, so there is no need to buy Euro from your bank prior to transferring. All payments can be tracked by you the student 24 hours a day online. Therefore you will not need to contact the college to confirm whether or not we have received payment. All visa authorities now accept PaytoStudy as means of payment of tuition fees. You will need to add the confirmation of payment receipt to your visa application.
